HEALTHY SCHOOLS CAMPAIGN RECOGNIZES NCL FOR COMMITMENT TO SUSTAINABLE PRODUCTS

PHILADELPHIA, PA (NOVEMBER 19, 2014):

At the recent ISSA-INTERCLEAN Exhibition in Orlando, FL, National Chemical Laboratories, Inc., Philadelphia, PA (NCL) was recognized by Healthy Schools Campaign, Chicago, IL for its ongoing commitment to healthy, green cleaning in schools. The award cited the company for “vision and dedication in generously supporting green, clean schools”

The award was presented by Sara Porter, Senior Director of External Affairs for Healthy Schools Campaign. Accepting the award for NCL was Bill Smith, NCL Vice-President of Sales & Marketing.

“NCL is proud of our association with Healthy Schools Campaign” says Mr. Smith. “As a leader in providing sustainable cleaning solutions for K-12 Education, we recognize the important role that this outstanding organization plays in raising awareness and promoting healthy, environmentally responsible cleaning choices in schools”.

"A healthy and clean school environment has a significant impact on the health, well-being and success of all students, teachers and school staff, and green cleaning plays a significant role in creating a healthy school," said Mark Bishop, Vice President of Healthy Schools Campaign. "At Healthy Schools Campaign, we rely on the support and cooperation of industry leaders like National Chemical Laboratories to promote healthier products and raise awareness for green cleaning in schools."

NCL markets a complete line of EARTH SENSE® Products which are third-party certified by Green Seal, Inc. and recognized by the US EPA Design for the Environment (DfE). These products are designed to help assure improved worker safety, and a superior level of product performance with reduced environmental impact.

About National Chemical Laboratories, Inc.

For more than 60 years, facility service providers have turned to NCL for answers to tough sanitary maintenance problems. Our World Class Cleaning Solutions® are produced at our ½-million square foot manufacturing and operations center in Philadelphia, PA USA, with distribution locations in Philadelphia and Phoenix, AZ. We service the sanitary maintenance industry through a select distributor network in the US and in over 55 countries around the world. Our programs for cleaning and maintenance are used by K-12 Education, Building Service Contractors, the Institutional and Industrial sector, as well as the Healthcare and Food Service markets.

About Healthy Schools Campaign

Healthy Schools Campaign, an independent not-for-profit organization, is a leading authority on healthy school environments and a voice for people who care about our environment, our children, and education. HSC advocates for policies and practices that allow all students, teachers and staff to learn and work in a healthy school environment.
