# Hand Care Product Systems

Your hands have been  
in good hands for over  
60 years...

# Our World Class Hand Care Solutions...

## NCL Hand Care Product Systems

Healthcare professionals and community leaders universally point to proper hand hygiene as the best way to prevent the spread of colds, pandemics and other outbreaks of disease in schools, hospitals, office environments, industry and institutions. Selecting the proper hand hygiene program for your facility is based on a number of factors, including facility size, ease of access to restroom facilities, consideration for individuals with sensitive skin conditions and other factors.

You can achieve effective control in the spread of colds and disease while providing maximum skin safety and comfort with hand hygiene products from **NCL**. For over 60 years, our Hand Care Systems have delivered safe, effective cleaning performance and exceptional value to a wide variety of end-users.

Whether you prefer natural or synthetic hand care formulas, liquid or foaming products, anti-microbial hand cleaner, or sanitizing hand foams or gels, **NCL** has the right products and delivery systems to meet your needs and budget.

Preventing the outbreak of disease is everyone's business; by aggressively promoting proper hand hygiene as a part of an overall restroom care program, we look to partner with your facility to provide maximum safety and control of spreading harmful bacteria and viruses.

Trust hand hygiene at your facility with the choice of professionals...

## Earth Sense® Hand Cleaners

NCL EARTH SENSE Certified Green Liquid and Foaming Hand Cleaners set the standard for gentle performance (for even sensitive skin) while minimizing environmental impact. They have been tested and certified under the rigorous guidelines of the Green Seal GS-41 Standard for Hand Care Products. This certification is your assurance that, by using EARTH SENSE® Certified Green products, your facility is doing all it can to promote a cleaner, healthier world.

Product	Description	Features	Packaging
<b>EARTH SENSE® CERTIFIED GREEN LIQUID HAND CLEANER</b>  	An environmentally responsible, "certified green" all synthetic liquid hand cleaner.	<ul style="list-style-type: none"> <li>• Environmentally responsible formula</li> <li>• Non-irritating, safe for sensitive skin.</li> <li>• Green Seal Certified</li> </ul>	4 x 1 Gallon (4039-29) 12 x 800 ml Box (4042)  <i>Dispenser:</i> For bulk gallon use any Liqua-Magic Hand Soap Dispenser with #4201A 800 ml refillable cartridge (sold separately).
<b>EARTH SENSE® CERTIFIED GREEN FOAMING HAND CLEANER</b>  	An environmentally responsible, "certified green" all synthetic liquid hand cleaner.	<ul style="list-style-type: none"> <li>• Environmentally responsible formulation</li> <li>• Non-irritating, safe for sensitive skin.</li> <li>• Green Seal certified.</li> </ul>	4 x 1 Gallon (4041-29) 6 x 1000 ml Cart. (4043)  <i>Dispenser:</i> For bulk gallon use any Foam-Magic Hand Soap Dispenser with #4206A 1000 ml refillable cartridge (sold separately).
<b>FOAM SAFE FOAMING HAND CLEANER</b> 	An environmentally responsible, all synthetic liquid hand cleaner with no dyes, no fragrances, phosphates, solvents, nonylphenol ethoxylates, VOC's, silicates or chelating agents	<ul style="list-style-type: none"> <li>• Environmentally responsible formulation</li> <li>• Non-irritating, safe for sensitive skin.</li> </ul>	4 x 1 Gallon (4036-29) 4 x 1000 ml Cart. (4037)  <i>Dispenser:</i> For bulk gallon use any Foam-Magic Hand Soap Dispenser with #4206A 1000 ml refillable cartridge (sold separately). ## GS-41 Certified Hand Cleaners

The Green Seal Environmental Standard for Hand Cleaners for Industrial and Institutional Use, GS-41, establishes environmental requirements for industrial heavy-duty hand cleaners and institutional hand cleaners.

The standard includes product performance requirements and environmental and health requirements such as reduced human and aquatic toxicity and reduced volatile organic compounds (VOCs).

The Standard is developed with requirements that are based on an assessment product manufacture, use and disposal.

### GS-41 Requirements Include:

- Cleaning Performance (equivalent to traditionally formulated hand cleaners)
- Free of Skin Sensitizers, anti-microbial ingredients, Phosphates and EDTA
- Toxic free and biodegradable
- Recyclable packaging

## Hand Washing and Hand Sanitizing...

Building blocks to preventing the spread of disease!

Keeping hands clean is one of the most important steps we can take to avoid getting sick and spreading germs to others. It is best to wash your hands with soap and clean running water for 20 seconds. However, if soap and clean water are not available, use an alcohol-based product to clean your hands. Alcohol-based hand rubs significantly reduce the number of germs on skin and are fast acting.

### Hand Cleaning Techniques

#### **When washing hands with soap and water:**

Wet your hands with clean running water and apply soap. Use warm water if it is available.

Rub hands together to make a lather and scrub all surfaces.

Continue rubbing hands for 20 seconds.

Rinse hands well under running water.

Dry your hands using a paper towel or air dryer. If possible, use your paper towel to turn off the faucet.

Remember: If soap and water are not available, use alcohol-based hand cleaners to sanitize hands.

### Hand Sanitizing Techniques

#### **When using an alcohol-based hand sanitizer:**

Apply product to the palm of one hand

Rub hands together

Rub the product over all surfaces of hands and fingers until hands are dry.

World Class Cleaning Solutions®

# Alcohol-Based Hand Sanitizers

NCL Alcohol-Based Hand Sanitizers provide convenient, effective sanitization that works to kill harmful disease-causing germs, yet it is gentle on the hands.

High performance, one step sanitizing foams and gels for hands. Kills up to 99.9% of all bacteria on hands. Use anywhere added personal hygiene is desired.

- Contain 62% alcohol.
- Kills up to 99.9% of all bacteria on hands.
- Contains moisturizers so it will not dry out the skin.
- Quickly evaporates with no need to rinse hands.
