Nature's Solution™

Solid Bio-Enzymatic Grease Trap Block

- Reduce grease trap odors by up to 96%
- Reduce effluent BOD levels up to 80%

The Nature's Solution™ Solid Bio-Enzymatic Grease Trap Block is a simple, easy-to-use, cost effective treatment method for continuous 24 hours a day treatment in grease traps.

The bacteria in Nature's Solution™ Solid are NATURAL strains that are SAFE and in extremely high quantity to handle difficult organic tasks.

Nature's Solution™ Solid effectively eliminates grease by digesting it into CO₂ and H₂O. It reduces hydrogen sulfide odors and other malodors associated with organic waste.

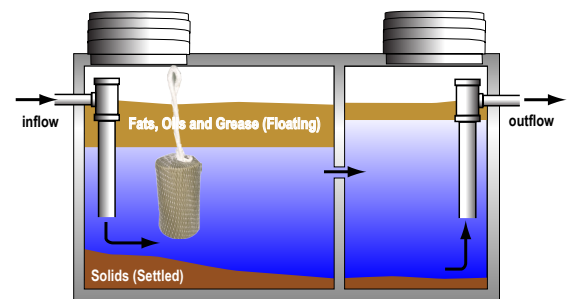

BENEFITS

- Continuous 24 hr per day treatment of organic waste.
- Easy to Use and Cost Effective.
- Uses Natural, Safe bacteria to treat organic waste.
- Powerful SMB™ bacteria, super concentrated 4 Billion/ gm.
- Significantly reduces malodors from organic acids, sulfur compounds and fecal material.
- Reduces labor associated with trap treatment maintenance.
- Lasts 30-90 days depending on water flow.
- Reduces scheduled pumpings.
- No costly pumps to buy or maintain.
- Prevents drain line build-up.
- Digests grease, not just transfer it on down the line.
- Non-flammable, Non-hazardous, No VOC's, No Acids or Alkalis

DIRECTIONS FOR USE:

- 1) Remove Nature's Solution™ Solid Bio-Enzymatic Grease Trap Block from box.
- 2) Suspend block from a rope into the area to be treated.
- 3) Hang block 1/2 into waste water.
- 4) Block must be kept in water at all times, do not allow block to dry out.
- 5) Change out the old block with a new block every 30-90 days.

Treatment Guidelines	
Grease Trap Size	No. of 2# Blocks
Up to 25 gal.	1
25 gal. to 100 gal.	2
100 gal. to 500 gal.	4

World Class Cleaning Solutions®

Natural Solutions™

DRAIN AND GREASE TRAP MAINTENANCE

Product #1800

NATURE'S SOLUTION™ Bio-Enzymatic Deodorizer / Spotter / Digester

Multi-functional maintenance product designed for odor control, drain maintenance, carpet spotting, bathroom cleaning, septic tank maintenance and waste water treatment. Contains our long lasting MCA™ Malodor Counteractant with Herve Outdoors™ fragrance.

Product #4203

NATURAL SOLUTIONS™ Automatic Dispensing Pump for Drain Maintenance

The NATURAL SOLUTIONS™ Automatic Dispensing Pump features a durable and corrosion resistant molded cabinet ideal for demanding applications. The timer is visible when the cabinet is locked, and is secure from unauthorized reprogramming and insulated from moisture and vapors, yet the program can be monitored. The perfect choice in restaurant, and schools and industrial kitchens.

Product #1825

NATURE'S POWER™ Biologically Engineered Grease Build-Up Remover & Drain Maintainer

An all natural, drain line, grease trap and septic tank maintainer. This advanced multi-strain bacteria system exhibits rapid grease digestion to keep drain lines free flowing. The outstanding anaerobic capabilities in low oxygen areas insure degradation of complex waste materials commonly found in grease traps and septic tanks. Reduces BOD and COD. Each gallon contains over 200 billion synergized bacteria.

Product #1810

NATURE'S FORCE Biologically Engineered Drain Opener & Maintainer

Made with highly selective free enzymes, multi-strain live bacteria, biodegradable surfactants, penetrates, chelating agents and proprietary odor neutralizers. In many situations this product works faster than highly corrosive and toxic caustics, acids and solvents. Each gallon contains over 100 billion bacteria.

Product #1779

NATURE'S SOLUTIONS™ Solid Bio-Enzymatic Grease Trap Block

The Nature's Solution Solid Bio-Enzymatic Grease Trap Block is a simple, easy-to-use, cost effective treatment method for continuous 24 hr treatment in grease traps. The bacteria in Nature's Solution Solid are NATURAL strains that are SAFE and in extremely high quantity to handle difficult organic tasks. Nature's Solution Solid effectively reduces hydrogen sulfide odors and other malodors associated with organic waste.
