NATIONAL CHEMICAL LABORATORIES, INC.

SAFETY DATA SHEET

Section 1 - Identification

Product Identifier 15% COCONUT OIL Pure Liquid Hand Soap
Other means of identification 0305
Recommended use Hand soap.
Recommended restrictions For commercial and industrial use only.

Manufacturer / Importer / Supplier / Distributor Information
Company Name National Chemical Laboratories of PA, Inc.
Address 401 N. 10th Street - Philadelphia, PA 19123
Telephone 1 (215) 922-1200
Supplier Email info@nclonline.com
Contact CHEM-TEL
Emergency Phone 1 (800) 255-3924

Section 2 - Hazard(s) Identification

<table>
<thead>
<tr>
<th>Physical Hazards</th>
<th>Classification</th>

Label Elements

Hazard Symbol None.
Signal Word None.
Hazard Statement The mixture does not meet the criteria for classification.
Precautionary statement

Prevention Observe good industrial hygiene practices.
Response Wash hands after handling.
Storage Store away from incompatible materials.
Disposal Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC) None known.

Section 3 - Composition/Information on ingredients

Mixture

Composition Comments Components not listed are either non-hazardous or are below reportable limits.

Section 4 - First-aid Measures

Inhalation Move to fresh air. Get medical attention if irritation persists.
Skin contact Wash off with soap and water. Get medical attention if irritation persists.
Eye contact Rinse with water. Get medical attention if irritation persists.
Ingestion Rinse mouth. Get medical attention if irritation persists.

Most Important symptoms/effects, acute and delayed Direct contact with eyes may cause temporary irritation.

Indication of immediate medical attention and special treatment Treat symptomatically.

General Information Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

Section 5 - Fire-fighting measures

Suitable extinguishing media Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical During fire, gases hazardous to health may be formed.
SAFETY DATA SHEET

Section 5 - First aid measures

Personal precautions, protective equipment and emergency procedures
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing.
If on skin: Wash with plenty of water and mild soap.
If swallowed: Do not induce vomiting. Give 2-3 glasses of water to drink. Get medical advice/attention.

Section 6 - Accidental release measures

Personal precautions, protective equipment and emergency procedures
Isolate area. Keep unnecessary personnel away. Use personal protection as recommended in Section 8 of the SDS.

Methods and materials for containment and cleaning up
SMALL SPILLAGE: Absorb spillage with suitable absorbent material. Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. After removal flush contaminated area thoroughly with water.
LARGE SPILLS: Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. After removal flush contaminated area thoroughly with water.

Environmental precautions
Avoid discharge into drains, water courses or onto the ground.

Section 7 - Handling and storage

Precautions for safe handling
Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities
Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

Section 8 - Exposure control/personal protection

Occupational exposure limits
No exposure limits noted for ingredient(s).

Biological limit values
No biological exposure limits noted for the ingredient(s).

Appropriate engineering controls
Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

Individual protection measures, such as personal protective equipment

Eye/face protection
If use of product risks exposure to contact, wear safety glasses with side shields.

Skin protection

Hand protection
Impervious gloves are recommended for prolonged use.

Other
If use of product risk exposure to contact, wear suitable protective clothing.

Respiratory protection
In case of insufficient ventilation, wear suitable respiratory equipment.

Thermal hazards
Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations
Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Section 9 - Physical and chemical properties

Appearance
Clear.

Physical state
Liquid.

Form
Liquid.

Color
Yellow-Green.

Odor
Cherry.

Odor threshold
Not available.

pH
10.1

Melting point/freezing point
Not available.

Initial boiling point and boiling range
212 °F (100 °C)

Flash point
None to boiling.

Evaporation rate
Not available.

Flammability (solid, gas)
Not available.

Upper/lower flammability or explosive limits

Flammability limit - lower (%)
Not available.

Flammability limit - upper (%)
Not available.

Explosive limit - lower (%)
Not available.

Explosive limit - upper (%)
Not available.

Vapor pressure
Equal to water.

Vapor density
Equal to water.

Relative density
1.01 ± 0.01
**SAFETY DATA SHEET**

**Partition Coefficient**
- n-octanol/water: Not available.

**Auto-ignition temperature**
- Not Available.

**Decomposition temperature**
- Not Available.

**Viscosity**
- <15 cSt

**Viscosity Temperature**
- 75 °F (23.9 °C)

**Section 10 - Stability and reactivity**

| Symptoms related to the physical, chemical and toxicological characteristics |
| Direct contact with eyes may cause temporary irritation.                        |

**Information on toxicological effects.**

| Acute toxicity                       | Not available.                                                                                 |
| Skin corrosion/iritation             | Prolonged skin contact may cause temporary irritation.                                           |
| Serious eye damage/eye irritation    | Direct contact with eyes may cause temporary irritation.                                         |
| Respiratory sensitization            | This product is not expected to cause respiratory sensitization.                                |
| Skin sensitization                   | This product is not expected to cause skin sensitization.                                       |
| Germ cell mutagenicity               | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| Carcinogenicity                      | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                |

| Reproductive toxicity                | This product is not expected to cause reproductive or developmental effects.                   |
| Specific target organ toxicity - single exposure | Not classified.                                    |
| Specific target organ toxicity - repeated exposure | Not classified.                                    |
| Aspiration hazard                    | Not available.                                                                                 |

**Section 12 - Ecological Information**

| Ecotoxicity                          | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
| Persistence and degradability        | No data is available on the degradability of this product.                                      |
| Bioaccumulative potential            | No data available.                                                                             |
| Mobility in soil                     | No data available.                                                                             |
| Other adverse effects                | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

**Section 13 - Disposal considerations**

| Disposal instructions                | Dispose in accordance with applicable federal, state, and local regulations.                   |
| Local disposal regulations           | Dispose of in accordance with local regulations.                                               |
| Hazardous waste code                 | Waste codes should be assigned by the user based on the application for which the product was used. |
| Waste from residues / unused products| Dispose in accordance with all applicable regulations.                                          |
| Contaminated packaging               | Since emptied containers may retain product residue, follow label warnings even after container is emptied. |
SAFETY DATA SHEET

Section 14 - Transport information

- DOT: Not regulated as dangerous goods.
- IATA: Not regulated as dangerous goods.
- IMDG: Not regulated as dangerous goods.
- Transportation in bulk: This substance/mixture is not intended to be transported in bulk.

Section 15 - Regulatory Information

- US federal regulations: This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the U.S. EPA TSCA Inventory List.

- Superfund Amendments and Reauthorization Act of 1986 (SARA)
  - Hazard Categories: Immediate Hazard No
  - Pressure Hazard No
  - Reactivity Hazard No
  - SARA 302 Extremely hazardous substance: Not listed.
  - SARA 311/312 Hazardous chemical: No
  - SARA 313 (TRI Reporting): Not regulated.

- Other federal regulations:
  - Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HSPs) List: Not regulated.
  - Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130): Not regulated.
  - Food and Drug Administration (FDA): Not regulated.

- US state regulations:
  - US. Massachusetts RTK - Substance List: Not regulated.
  - US. Pennsylvania RTK - Hazardous Substances: Not listed.
  - US. Rhode Island RTK: Not regulated.

- US - California Proposition 65: California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

- International Inventories:
  - Country(s) or region
  - Inventory Name
  - On Inventory (yes/no)*
    - Australia: Australian Inventory of Chemical Substances (AICS)
    - Canada: Domestic Substances List (DSL)
    - Canada: Non-Domestic Substances List (NDSL)
    - China: Inventory of Existing Chemical Substances in China (IECSC)
    - Europe: European Inventory of Existing Commercial Chemical Substances (EINECS)
    - Europe: European List of Notified Chemical Substances (ELINCS)
    - Japan: Inventory of Existing and New Chemical Substances (ENCS)
    - Korea: Existing Chemicals List (ECL)
    - New Zealand: New Zealand Inventory
    - Philippines: Philippine Inventory of Chemicals and Chemical Substances
    - United States/ Puerto Rico: Toxic Substances Control Act (TSCA) Inventory

  *A "Yes" indicates this product complies with the inventory requirements administered by the governing country(s).
  *A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).

Section 16 - Other information, including date of preparation or last version

- Revision date: 1/17/2018
- Version #: 02
