<tr>
<td>Recommended use</td>
<td>Disinfectant Cleaner.</td>
</tr>
<tr>
<td>Recommended restrictions</td>
<td>EPA Registered Product. For Commercial and Industrial Use Only. This product is intended to be diluted prior to use. For further information refer to the EPA Registered product label. Uses other than those identified are not recommended.</td>
</tr>
</tbody>
</table>

### Manufacturer / Importer / Supplier / Distributor Information

- **Company Name**: National Chemical Laboratories of PA, Inc.
- **Address**: 401 N. 10th Street - Philadelphia, PA 19123
- **Telephone**: 1 (215) 922-1200
- **Supplier Email**: info@nclonline.com
- **Contact**: CHEM-TEL
- **Emergency Phone**: 1 (800) 255-3924

## Section 2 - Hazard(s) Identification

**SDS Hazards and Warnings are based on the undiluted product. Refer to diluted SDS for Ready-To-Use Hazards and Warnings.**

### Physical Hazards

#### Classification

| Category          | Flammable Liquids | 3 |

### Health Hazards

#### Classification

| Acute toxicity, dermal | 4 |
| Acute toxicity, oral | 4 |
| Serious eye damage/eye irritation | 1 |
| Skin corrosion/irritation | 18 |

### OSHA defined hazards

- **Not Classified.**

### Label Elements

- **Hazard Symbol**: Not Available

#### Signal Word

- **Danger**: Flammable liquid and vapor. Harmful if swallowed. Harmful in contact with skin. Causes severe skin burns and eye damage.

#### Hazard Statement

- Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Do not breathe spray. Avoid breathing fume / mist / vapor / spray. Do not get in eyes, on skin, or on clothing. Wash affected areas thoroughly after handling. Do not eat, drink or smoke with using this product. Wear protective gloves and eye, face and foot protection.

#### Precautionary statement

- **Prevention**: Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Do not breathe spray. Avoid breathing fume / mist / vapor / spray. Do not get in eyes, on skin, or on clothing. Wash affected areas thoroughly after handling. Do not eat, drink or smoke with using this product. Wear protective gloves and eye, face and foot protection.

#### Response

- **IF SWALLOWED**: Rinse mouth. Call a POISON CENTER or doctor/physician if you feel unwell. Do NOT induce vomiting. IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Wash contaminated clothing before reuse.

#### Storage

#### Disposal

- Dispose of contents and container to an approved waste disposal plant.

### Hazard(s) not otherwise classified (HNOC)

- None known.

## Section 3 - Composition/Information on ingredients

### Mixture

<table>

</tr>
</tbody>
</table>
Inhalation
Remove from area to fresh air. Seek medical attention if respiratory irritation develops or if breathing becomes difficult.

Skin contact
Take off contaminated clothing and shoes immediately. Wash affected areas with plenty of water. Seek medical attention if irritation develops or persists.

Eye contact
Rinse eyes with water. Remove any contact lenses, and continue flushing eyes with running water for at least 15 minutes. Hold eyelids apart to ensure rinsing of the entire surface of the eyes and lids with water. Seek medical attention if irritation develops or persists.

Ingestion
DO NOT induce vomiting. Do not give anything by mouth to an unconscious or convulsing person. Rinse mouth with water.

Most important symptoms/effects, acute and delayed
The most important known symptoms and effects are described in the labeling (section 2.2) and/or in section 11. Corrosive effects. Symptoms may include stinging, tearing, redness, swelling and blurred vision. Permanent eye damage including blindness could result. Prolonged or repeated skin contact may aggravate existing skin conditions. Inhalation of mists may aggravate existing chronic respiratory conditions such as asthma, emphysema or bronchitis.

Indication of immediate medical attention and special treatment
All treatments should be based on observed signs and symptoms of distress in the patient. Consideration should be given to the possibility that overexposure to materials other than this product may have occurred. Treat symptomatically.

General Information
Take off all contaminated clothing immediately. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Wash contaminated clothing before reuse.

Suitable extinguishing media
Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable extinguishing media
No information available.

Specific hazards arising from the chemical
Container may rupture on heating. Carbon oxides.

Special protective equipment and precautions for firefighters
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire-fighting equipment/instructions
As in any fire, wear NIOSH/MSHA approved, pressure-demand self-contained breathing apparatus and full protective gear.

General fire hazards
Use standard firefighting procedures and consider the hazards of other involved materials.

Specific Methods
No special methods required. Move containers from area if it can be done without risk. Cool fire-exposed containers with water from side. Contain the extinguishing fluids by diking.

Personal precautions, protective equipment and emergency procedures
Wear appropriate protective equipment (See section 8). Avoid breathing vapors or mist. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

Methods and materials for containment and cleaning up
Recovery: Stop leak if safe to do so. Absorb spills with vermiculite, fuller's earth, or sand. Shovel up and place in a non-metal waste container for disposal. Dike large spills with soil or sandbags to contain it and prevent the spread. Keep in suitable, properly labeled, closed containers for disposal. Decontamination / cleaning: Wash non-recoverable remainder with large amounts of water. Clean contaminated surfaces thoroughly. Recover the cleaning water for subsequent disposal. Dispose of in accordance with local regulations. Spill area may be slippery.

Environmental precautions
Avoid contact of spilled material and runoff with soil and surface waterways.

Precautions for safe handling
Avoid inhalation of vapor or mist. Use only with adequate ventilation. Do not enter storage areas and confined spaces unless adequately ventilated. Wear appropriate protective equipment including long chemical resistant gloves, chemical splash goggles and protective footwear. Handle in accordance with good industrial hygiene and safety practice. Do not spray towards face. Wash affected areas after use. Do not taste or swallow. Avoid breathing vapors or mists. Use only with adequate ventilation. Product residue may remain on/in empty containers. All precautions for handling the product must be used in handling the empty container and residue. FOR COMMERCIAL AND INDUSTRIAL USE ONLY.

Conditions for safe storage, including any incompatibilities
Keep away from heat, sparks and open flame. Prevent electrostatic charge build-up by using common bonding and grounding techniques. Store in a cool, dry place out of direct sunlight. Store in original tightly closed container. Store in a well-ventilated place. Keep in an area equipped with sprinklers. Store away from incompatible materials (see Section 10 of
Section 8 - Exposure control/personal protection

**Appropriate engineering controls**

Good general ventilation should be sufficient to control airborne levels. Respiratory protection is not required if good ventilation is maintained.

Ensure that eyewash stations and safety showers are close to the workstation location, and that emergency equipment is immediately accessible with instructions for use. The protective equipment must be selected in accordance with current local standards and in following proper use instruction from the supplier of the protective equipment. Selection of appropriate personal protective equipment should be based on an evaluation of the performance characteristics of the protective equipment relative to the task(s) to be performed, conditions present, duration of use, and the potential hazards, and/or risks that may occur during use.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection**

Wear safety glasses with side shields (or goggles).

**Skin protection**

**Hand protection**

Wear long chemical resistant gloves. Observe instruction regarding permeability and breakthrough time provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion and contact time. Gloves should be discarded and replaced if there is an indication of degradation or chemical breakthrough.

**Other**

Wear footwear protecting against chemical, and impervious clothing. Choose body protection according to the amount and concentration of the substances in the workplace.

**Respiratory protection**

In operations where mists are generated, wear a NIOSH/MSHA approved respirator that has been selected by a technically qualified person for the specific work conditions.

**Thermal hazards**

Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations**

Personal hygiene is an important work practice exposure control measure and the following measures should be taken when working with or handling this material:

1) Do not store, use, and/or consume foods, beverages, tobacco products, or cosmetics in areas where this material is stored.

2) Wash hands and face carefully before eating, drinking, using tobacco, applying cosmetics, or using the toilet.

3) Wash exposed skin promptly to remove accidental splashes or contact with material.

Section 9 - Physical and chemical properties

**Appearance**

**Physical state**

Liquid.

**Form**

Clear liquid.

**Color**

Amber.

**Odor**

Pine.

**Odor threshold**

No information available.

**pH**

9 - 11

**Melting point/freezing point**

No information available.

**Initial boiling point and boiling range**

No information available.

**Flash point**

90 °F (32.2 °C)
SAFETY DATA SHEET

Evaporation rate No information available.
Flammability (solid, gas) Not applicable.
Upper/lower flammability or explosive limits
  Flammability limit - lower (%) No information available.
  Flammability limit - upper (%) No information available.
  Explosive limit - lower (%) No information available.
  Explosive limit - upper (%) No information available.
  Vapor pressure No information available.
  Vapor density No information available.
Relative density 0.99 ± 0.01
Relative density temperature 75 °F (23.9 °C)
Solubilities (water) Soluble in water.
Partition Coefficient n-octanol/water Not available
Auto-ignition temperature Not Available
Decomposition temperature Not Available
Viscosity < 20 cSt
Viscosity Temperature 75 °F (23.9 °C)

Relative density temperature 75 °F (23.9 °C)

Reactivity No information available.
Chemical stability Stable and non-reactive under normal conditions of use, storage and transport.
Possibility of hazardous reactions No information available.
Conditions to Avoid Avoid all possible sources of ignition (spark or flame). Do not expose containers to the heat or sources of ignition. Do not allow vapor to accumulate in low or confined areas.
Incompatible materials Anionic surfactants.
Hazardous Decomposition Products Oxides of carbon and nitrogen.

Section 10 - Stability and reactivity

Section 11 - Toxicological information

Information on likely routes of exposure
Ingestion Harmful if swallowed. Causes burns/serious damage to mouth, throat and stomach. Symptoms may include vomiting, nausea, and/or feeling of general unwellness.
Inhalation May cause irritation and corrosive effects to nose, throat and respiratory tract. Symptoms may include coughing and difficulty breathing.
Skin contact Causes severe skin burns. Symptoms may include burns, blisters, redness and pain (which may be delayed).
Eye contact Causes eye damage. Symptoms may include pain, burning sensation, redness, watering, blurred vision or loss of vision.

Information on toxicological effects.
Acute toxicity No information available.
  Components Level Type Code Species Results
  Pine Oil (CAS 8002-09-3) Acute Dermal LD50 Rabbit >5000 mg/kg
  Acute Oral LD50 Rat 3200 mg/kg
Skin corrosion/irritation Causes severe skin burns.
Serious eye damage/ eye irritation Causes eye damage.
Respiratory sensitization Not classified as sensitizing by skin contact.
Skin sensitization Not classified as sensitizing by skin contact.
Germ cell mutagenicity No information available.
Carcinogenicity This product does not contain any ingredient designated as probable or suspected human carcinogens by IARC, ACGIH
Reproductive toxicity No information available.
Specific target organ toxicity - single exposure No information available.
Specific target organ toxicity - repeated exposure No information available.
Aspiration hazard No information available.

Section 12 - Ecological Information

Ecotoxicity Toxic to aquatic life.
Persistence and degradability No information available.
Bioaccumulative potential No bioaccumulation is to be expected.
Partition coefficient n-octanol / water log (Kow)
SAFETY DATA SHEET

Components
2-Propanol (CAS 67-63-0)

Results
0.05

Mobility in soil
No information available.

Other adverse effects
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this product.

### Section 13 - Disposal considerations

**Disposal instructions**
PESTICIDE DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL - Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container promptly after emptying.

(For containers 5 gallons or less):
Triple rinse as follows: Fill container 1/4 full with water and recap. Agitate vigorously. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

(For containers greater than 5 gallons):
Triple rinse as follows: Fill container 1/4 full with water. Tip container on its side and roll it back and forth, ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

PACKET DISPOSAL - Do not reuse; discard empty container and put in trash.

**Hazardous waste code**
The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

**Waste from residues / unused products**
Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging**
Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

### Section 14 - Transport information

**DOT**

- **UN number**: UN1987
- **Proper shipping name**: ALCOHOLS SOLUTION, N.O.S. (2-PROPANOL)
- **Transport hazard class(es)**: 3
- **Subsidiary class(es)**: -
- **Packing group**: III
- **Special precautions for user**: Read safety instructions, SDS and emergency procedures before handling.
- **Labels required**: 3
- **Special provisions**: B1, IB3, T4, TP1, TP29
- **Packaging exemption**: 150
- **Packaging non bulk**: 203
- **Packaging bulk**: 242

**IATA**

- **UN number**: UN1987
- **UN proper shipping name**: ALCOHOLS SOLUTION, N.O.S. (2-PROPANOL)
- **Transport hazard class(es)**: 3
- **Subsidiary class(es)**: -
- **Packing group**: III
- **Environmental hazards**: No
- **ERG Code**: 3L
- **Special precautions for user**: Read safety instructions, SDS and emergency procedures before handling.
- **Other information**: LTD QTY, Y203

**IMDG**

- **UN number**: UN1987
- **UN proper shipping name**: ALCOHOLS SOLUTION, N.O.S. (2-PROPANOL)
- **Transport hazard class(es)**: 3
- **Subsidiary class(es)**: -
- **Packing group**: III
Section 15 - Regulatory Information

US federal regulations
- This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
- One or more components are not listed on TSCA.
  - TSCA Section 12(b) Export Notification (40 CFR707, Subpt. D) Not regulated.
  - US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not listed
  - CERCLA Hazardous Substance List (40 CFR 302.4) Not Listed

Superfund Amendments and Reauthorization Act of 1986 (SARA)
- Immediate Hazard Yes
- Delayed Hazard No
- Fire Hazard Yes
- Pressure Hazard No
- Reactivity Hazard No
- SARA 302 Extremely hazardous substance Not listed.
- SARA 311/312 Hazardous chemical Yes
- SARA 313 (TRI reporting) Not regulated.

Other federal regulations
- Clean Air Act (CAA) Section 112 Hazard Air Pollutants (HSPs) List Not listed.
- Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130) Not regulated.
- Safe Drinking Water Act (SDWA) Not regulated.
- Food and Drug Administration (FDA) Not regulated.

US state regulations
- US. Massachusetts RTK - Substance List Components
  - 2-Propanol (CAS 67-63-0)
- US. New Jersey Worker and Community Right-to-Know Act Components
  - Pine Oil (CAS 8002-09-3)
  - 2-Propanol (CAS 67-63-0)
- US. Pennsylvania RTK - Hazardous Substances Components
  - 2-Propanol (CAS 67-63-0)
- US. Rhode Island RTK Not regulated.
- US - California Proposition 65 This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm.
