Attractive...
A slim design that fits anywhere. Encourages use of hand washing. Easy to use. Available in colors.

Functional...
Meets the ADA requirement of extending less than 4" from the wall, and less than 5 lbs of push required for a full activation. Constructed with ABS plastic for high usage situations. Easy to use. Easy to Refill.

Intelligent...
Unique collapsible plastic container reduces plastic content by 60% compared to rigid plastic containers. Boxless package. Factory sealed bags prevent contamination. Removable key promotes secure, limited access. Fixed key entry provides locking security, and easy access for refilling.

Affordable!
Expense is always high on the list of everyone’s requirements. Accurate dispensing controls soap usage.
