SAFETY DATA SHEET

Section 1 - Identification

Product Identifier
DB#22  BARE BONES®SC Stripper Super Concentrate
Other means of identification
5092
Recommended use
Floor finish remover.
Recommended restrictions
For commercial and industrial use only.

Manufacturer / Importer / Supplier / Distributor Information
Company Name
National Chemical Laboratories of PA, Inc.
Address
401 N. 10th Street - Philadelphia, PA 19123
Telephone
1 (215) 922-1200
Supplier Email
info@nclonline.com
Contact
CHEM-TEL
Emergency Phone
1 (800) 255-3924

OSHA defined hazards
Not Classified.

Section 2 - Hazard(s) Identification

SDS Hazards and Warnings are based on the undiluted product. Refer to diluted SDS for Ready-To-Use Hazards and Warnings.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Category</th>
</tr>
</thead>
<tbody>
<tr>
<td>Physical Hazards</td>

</tr>
</tbody>
</table>

Hazard Statement
Causes severe skin burns and eye damage. Harmful if swallowed, in contact with skin or if inhaled. May cause respiratory irritation. Combustible liquid.

Precautionary statement

Prevention
Do not breathe mist or vapor. Use only in well-ventilated areas. Wear protective gloves/clothing and eye/face protection. Keep away from heat / sparks / open flames / hot surfaces / no smoking. Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Keep out of reach of children.

Response
If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center/doctor. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Storage
Store locked up. Store in a well-ventilated place. Keep cool.

Disposal
Dispose of contents/container in accordance with local/regional/national/international regulations.

Section 3 - Composition/Information on ingredients

SAFETY DATA SHEET

Section 4 - First-aid Measures

Inhalation
Move to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Do not use mouth-to-mouth method if victim inhaled the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. Get medical attention immediately.

Skin contact
Remove contaminated clothing and shoes. Immediately flush skin with plenty of water. Get prompt medical attention. Wash contaminated clothing before reuse.

Eye contact
Immediately flush eyes with plenty of water for at least 20 minutes, occasionally lifting the upper and lower eyelids. Check and remove contact lenses. Continue to rinse for at least 10 minutes. Get medical attention immediately.

Ingestion
Rinse mouth thoroughly with water. DO NOT induce vomiting. If victim is fully conscious, give a cupful of water. Never give anything by mouth to an unconscious person. If vomiting occurs, keep head lower than the hips to help prevent aspiration. Call a physician or poison control center immediately.

Most Important symptoms /effects, acute and delayed
Causes skin and eye burns. May cause respiratory tract irritation. Symptoms may be delayed.

Indication of immediate medical attention and special treatment
Treat symptomatically.

General Information
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Immediate medical attention is required. In case of shortness of breath, give oxygen. Keep victim warm.

Section 5 - Fire-fighting measures

Suitable extinguishing media
Carbon dioxide, alcohol-resistant foam, dry chemical, water spray, or water fog.

Unsuitable extinguishing media
Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from the chemical
None known.

Special protective equipment and precautions for firefighters
Wear suitable protective equipment. Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire-fighting equipment /instructions
Move containers from fire area if you can do it without risk. Use water spray to keep fire-exposed containers cool.

Section 6 - Accidental release measures

Personal precautions, protective equipment and emergency procedures.
Isolate area. Keep unnecessary personnel away. Use personal protection as recommended in Section 8 of the SDS.

Methods and materials for containment and cleaning up
Contain spill. Absorb spill with vermiculite or other inert material, then place in a container for chemical waste. Flush area with water.

Environmental precautions
Avoid discharge into drains, water courses or onto the ground.

Section 7 - Handling and storage

Precautions for safe handling
Do not get in eyes, on skin, or on clothing. Do not breathe mist or vapor. Keep container closed. Wash thoroughly after handling. Use Personal Protective Equipment recommended in section 8 of the SDS.

Conditions for safe storage, including any incompatibilities
Keep containers tightly closed in a dry, cool and well-ventilated place. Store away from incompatible materials. Keep container closed. Keep out of reach of children.

**Appropriate engineering controls**
Provide adequate local exhaust ventilation to maintain worker exposure below exposure limits. Provide easy access to water supply and eye wash facilities.

**Individual protection measures, such as personal protective equipment**

- **Eye/face protection**
  If use of product risks exposure to contact, wear safety glasses with side shields.

- **Skin protection**
  - **Hand protection**
    Impervious gloves are recommended for prolonged use.
  - **Other**
    If use of product risk exposure to contact, wear suitable protective clothing.

- **Respiratory protection**
  If engineering controls do not maintain airborne concentrations below recommended exposure limits (where applicable) or to an acceptable level (in countries where exposure limits have not been established), an approved respirator must be worn. In the United States of America, if respirators are used, a program should be instituted to assure compliance with OSHA 29 CFR 1910.134.

- **Thermal hazards**
  Wear appropriate thermal protective clothing, when necessary.

- **General hygiene considerations**
  Handle in accordance with good industrial hygiene and safety practice.

  - **Explosive limit - upper (%)**
    Not available.
  - **Vapor pressure**
    Similar to water.
  - **Vapor density**
    Similar to water.
  - **Relative density**
    0.93 ± 0.01
Relative density temperature 75 °F (23.9 °C)  
Solubilities (water) 100 % Soluble.  
Partition Coefficient n-octanol/water Not available  
Auto-ignition temperature Not Available  
Decomposition temperature Not Available  
Viscosity < 10 cP  
Viscosity Temperature 75 °F (23.9 °C)

**Section 10 - Stability and reactivity**

Reactivity The product is non-reactive under normal conditions of use, storage and transport.  
Chemical stability Stable at normal conditions.  
Possibility of hazardous reactions Hazardous polymerization does not occur.  
Conditions to Avoid Keep away from heat and direct sunlight. Contact with incompatible materials.  
Incompatible materials Oxidizing agents.  

**Section 11 - Toxicological information**

Information on likely routes of exposure  
Inhalation May cause burns of the gastrointestinal tract if swallowed.  
Skin contact Irritating to respiratory system. May cause burns in mucous membranes, throat, esophagus and stomach.  
Eye contact Causes skin burns.  
Symptoms related to the physical, chemical and toxicological characteristics Causes skin and eye burns. May cause respiratory tract irritation. Symptoms may be delayed.

Information on toxicological effects.  
Acute toxicity Harmful if inhaled, absorbed through skin, or swallowed.

Mobility in soil
Not available.

Mobility in general
The product is water soluble and may spread in water systems.

Other adverse effects
None known.

Section 13 - Disposal considerations

Disposal instructions
Dispose in accordance with applicable federal, state, and local regulations.

Local disposal regulations
Dispose of in accordance with local regulations.

Hazardous waste code
Waste codes should be assigned by the user based on the application for which the product was used.

Waste from residues / unused products
Dispose in accordance with all applicable regulations.

Contaminated packaging
Since emptied containers may retain product residue, follow label warnings even after container is emptied.
